

## Learning Center

The Learning Center of FEA-VEE project will serve as a centralized hub designed to facilitate user education and skill development. Provides carefully structured and organized resources such as training courses, assessment tools, audio-visual, and other learning materials.

Specifically, this section will include:

- Reports on needs analysis and assessment of good practices
- Teaching and learning resources for learners, graduates, teachers and trainers
- Learning opportunities at a transnational level via study visits
- Improve the identified areas of weakness in VET excellence

## Fashion Earth Alliance

Vocational Excellence and Enterprise united for training, policy reform, and sustainability in the fashion, textiles and apparel industries

### Objectives:

FEA-VEE contributes to attract more young people in the fashion, textiles and clothing sectors, and thus, in producing new workforce that is VET recognized, skilled and competent for the 21st century labour needs, trained through work-based training and apprenticeships in direct liaison with the industry.

Furthermore, the project aims at the development in the fashion, textiles and clothing sectors of greener, more circular and sustainable economic models, as well as more ethical and concentrated on fair trade values.

## PARTNERSHIP

## Objectives

More widely, FEA-VEE wishes to establish a Green Entrepreneurship policy reform pathway for incorporating sustainability concerns within entrepreneurial planning, while promoting entrepreneurship through start-ups and incubation, as well as entrepreneurial skills and competences among the workforce within educational institutions and after graduation as part of lifelong learning.

Among the FEA-VEE project activities, the project partnership will be engaged in the creation of innovative training materials for teachers and trainers in the textile sector. Furthermore, the implementation of a transnational cooperation platform is foreseen in order to match students and workers with training and internship opportunities throughout Europe. Finally, some partners will take care of the organization of short mobility courses for students to be held in Germany and Spain.

## Cooperation Platform

The platform is designed for following types of users in the fashion sector:

- Companies
- Students and graduates
- Workers
- VET providers (schools and universities)
- Educators
- Entrepreneurs
- Institutions

What the platform will allow you to do:

- If you are a company or an entrepreneur: post job offers and internships, seek/offer collaborations with educational and research institutions
- If you are a student, graduate or worker: seek for internships or job opportunities, connect with businesses and look for education and training opportunities
- If you are an education provider or an educator: promote your education and training offers, promote events, contact other schools/institutions/ companies and entrepreneurs for cooperation projects.
- If you are an institution: connect with other stakeholders of the fashion and textiles sector to exchange best practices and ideas
